The Carl Wagner Medal of Excellence

This new award has been introduced by the European Federation of Chemical Engineering's Working Party on Electrochemical Engineering. The medal, partially donated by Bayer, BAF and Hoechst, will be awarded to a young European researcher under the age of 35, for outstanding contributions to research in applied electrochemistry or electrochemical engineering. The medal will be awarded at the triennial European Symposium on Electrochemical Engineering; the next event will be held at Exeter, in March 1999. Nominations for the medal, with supporting documentation, should be sent to the EFCE Working Party Chairman: Professor A.A. Wragg, School of Engineering & Computer Science, North Park Road, University of Exeter, Exeter, EX4 4QF, UK.

Please send details of relevant meetings and other worthy news to the News Editor.
